Prevent Cancer Foundation
Quantitative Imaging Workshop XVI: Lung Cancer,
COPD and Cardiovascular Disease –
On the Cusp of Transformation

October 10-11, 2019 | DoubleTree Crystal City

## AGENDA Day One – Thursday, October 10<sup>th</sup>

7:30 AM Continental Breakfast

Harrison Room

8:00 AM Welcome and Overview

Washington Ballroom Carolyn R. ("Bo") Aldigé, Prevent Cancer Foundation

James L. Mulshine, MD, Rush University Medical Center

8:30 AM Keynote: Optimizing Integration of CAC Scoring and Screening for Lung Cancer

Morteza Naghavi, MD, Society for Heart Attack Prevention and Eradication

(SHAPE)

9:30 AM 2019 James L. Mulshine, MD National Leadership Award

9:45 AM Break

Washington Ballroom Foyer

10:00 AM - 12:00 PM Tools & Resources for Improved Decision-Making Session

Washington Ballroom Co-Chairs: Ricardo Avila, MS, Accumetra LLC

Daniel C. Sullivan, MD, Quantitative Imaging Biomarker Alliance

and Duke University Department of Radiology

10:00 AM Progress in VA Screening Implementation: Next Up for Vista

Claudia Henschke, PhD, MD, Icahn School of Medicine at Mount Sinai

10:30 AM Lessons from Crowdsourcing: Engineering for Global Image Quality

Ricardo Avila, MS, Accumetra LLC

11:00 AM Medical Device Development Tools and Draft Guidance on Quantitative Imaging

**Technical Assessment** 

Nicholas Petrick, PhD, US Food and Drug Administration

11:30 AM Estimating the Lower Bound for Measurement Variability in Pulmonary Nodules

Rowena Yip, MPH, Icahn School of Medicine at Mount Sinai

12:00 - 1:00PM Lunch

Harrison Room

Prevent Cancer Foundation
Quantitative Imaging Workshop XVI: Lung Cancer,
COPD and Cardiovascular Disease –
On the Cusp of Transformation

October 10-11, 2019 | DoubleTree Crystal City

## AGENDA Day One – Thursday, October 10<sup>th</sup> (Continued)

1:00 - 3:00 PM Shared Pathogenesis: Tobacco-Related Disease Session

Washington Ballroom Co-Chairs: Albert Rizzo, MD, FCCP, FACP, FAASM, American Lung Association

Heidi Schmidt, MD, Cardiothoracic Imaging, University of Toronto

1:00 - 1:45 PM Panel Discussion: Exploring the Lung Cancer and Tobacco-Related Disease Continuum

**Co-Chairs:** Albert Rizzo, MD, FCCP, FACP, FAASM, American Lung Association Heidi Schmidt, MD, Cardiothoracic Imaging, University of Toronto

#### **Panelists:**

Charles Hatt, PhD, Imbio LLC and University of Michigan Tochi M. Okwuosa, DO, FACC, FAHA, Rush University Medical Center Bruce S. Pyenson, FSA, MAAA, Milliman, Inc. Anthony P. Reeves, PhD, School of Electrical and Computer Engineering, Cornell University

1:45 PM Benefits of Combining Lung Cancer, COPD and Cardiovascular Imaging Into One Low-dose CT Scan

Bruce S. Pyenson, FSA, MAAA, Milliman, Inc.

2:10 PM Update on the QIBA Lung Density Profile and the Relationship Between Lung Density and Lung Cancer

Charles Hatt, PhD, Imbio LLC and University of Michigan

2:35 PM Interrogating LDCT Phenotypes for Pulmonary Healthcare Utilization

Lee Gazourian, MD, Lahey Hospital & Medical Center

3:00 PM Break

Washington Ballroom Foyer

3:15 – 4:45 PM Communication Issues Session

Washington Ballroom Chair: James L. Mulshine, MD, Rush University

3:15 PM Building on the Delaware Model for Lung Cancer Screening

Albert Rizzo, MD, FCCP, FACP, FAASM, American Lung Association

**Prevent Cancer Foundation Quantitative Imaging Workshop XVI: Lung Cancer, COPD** and Cardiovascular Disease -On the Cusp of Transformation

October 10-11, 2019 | DoubleTree Crystal City

### **AGENDA** Day One – Thursday, October 10<sup>th</sup> (Continued)

3:45 - 4:45 PM Panel Discussion: Building Collaboration in Advancing Thoracic Screening

Washington Ballroom

**Co-Chairs**: James L. Mulshine, MD, Rush University Daniel C. Sullivan, MD, Quantitative Imaging Biomarker Alliance and Duke University Department of Radiology

#### Panelists:

Janet F. Eary, MD, Cancer Imaging Program, National Cancer Institute Albert Rizzo, MD, FCCP, FACP, FAASM, American Lung Association Heidi Schmidt, MD, Cardiothoracic Imaging, University of Toronto

4:45 PM Breakout Sessions

Wilson Room Topic A - Considerations for Health Care Impact Breakout Group -Is There a Role for Integrated Care Facilitation?

Topic B - Aligning Quantitative Thoracic CT Imaging with Artificial Intelligence Jackson Room Research: What Should Be Done?

5:45 PM **Artificial Intelligence in the Context of Lung Cancer Screening** 

Washington Ballroom Philipp Hoelzer, PhD, Siemens Healthineers

> Meeting Adjourns for the Day 6:15 PM

> > Dinner on Your Own

Local Restaurants List Available

COPD and Cardiovascular Disease –
On the Cusp of Transformation

October 10-11, 2019 | DoubleTree Crystal City

# AGENDA Day Two – Friday, October 11th

7.20 AM	Continental	Drookfoot
/:3U AM	Continental	Breakiast

Harrison Room

8:00 - 9:00 AM Screening: The Whys and the Wherefores Session

Washington Ballroom Chair: David Yankelevitz, MD, Icahn School of Medicine at Mount Sinai

8:00 AM Lung Cancer Models and How to Improve Them

Olga Gorlova, PhD, Baylor College of Medicine

8:30 AM Estimating the Magnitude of the Benefit Using Randomized Controlled Trials

David Yankelevitz, MD, Icahn School of Medicine at Mount Sinai

9:00 AM Breakout Sessions

Wilson Room Topic A - Considerations for Health Care Impact Breakout Group -

Is There a Role for Integrated Care Facilitation?

Jackson Room Topic B - Aligning Quantitative Thoracic CT Imaging with Artificial Intelligence

Research: What Should Be Done?

10:00 AM Break

Washington Ballroom Foyer

10:15 - 11:45 AM Enhancing the Benefits of Screening Session

Washington Ballroom

Co-Chairs: David Yankelevitz, MD, Icahn School of Medicine at Mount Sinai

Sheila Ross, Early Detection and Screening Committee, IASLC

10:15 - 11:15 AM Panel Discussion: Building A Developmental Blueprint for the Evolution of QI in

the Thorax

**Co-Chairs:** David Yankelevitz, MD, Icahn School of Medicine at Mount Sinai Sheila Ross, Early Detection and Screening Committee, IASLC

**Panelists:** 

Janet F. Eary, MD, Cancer Imaging Program, National Cancer Institute

Philipp Hoelzer, PhD, Siemens Healthineers

Nicholas Petrick, PhD, US Food and Drug Administration

Anthony P. Reeves, PhD, School of Electrical and Computer Engineering,

**Cornell University** 

11:15 AM Translating Results from Screening Trials into Clinically Relevant Information

David Yankelevitz, MD, Icahn School of Medicine at Mount Sinai

**Prevent Cancer Foundation Quantitative Imaging Workshop XVI: Lung Cancer, COPD** and Cardiovascular Disease -On the Cusp of Transformation

October 10-11, 2019 | DoubleTree Crystal City

### **AGENDA** Day Two - Friday, October 11th (Continued)

**Breakout Sessions** 11:45 AM

Washington Ballroom

Topic A - Considerations for Health Care Impact Breakout Group -Is There a Role for Integrated Care Facilitation?

Topic B - Aligning Quantitative Thoracic CT Imaging with Artificial Intelligence Research: What Should Be Done?

12:45 PM Summary and Action Plans

1:00 PM **Workshop Adjourns** 

> Pick up Your Pre-Ordered Boxed Lunch Washington Ballroom Foyer
