Independent Auditor's Report

The Board of Directors

Prevent Cancer Foundation

Opinion

We have audited the accompanying financial statements of **Prevent Cancer Foundation** (a nonprofit organization), which comprise the statement of financial position as of December 31, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **Prevent Cancer Foundation** as of December 31, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Prevent Cancer Foundation** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Prevent Cancer Foundation's** ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Board of Directors Prevent Cancer Foundation

In performing an audit in accordance with generally accepted auditing standards, we:

Kositzka, wieks and company

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of Prevent Cancer Foundation's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant
 accounting estimates made by management, as well as evaluate the overall presentation of the financial
 statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about Prevent Cancer Foundation's ability to continue as a going concern for a
 reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Notes to Financial Statements December 31, 2022

1. Organization

Prevent Cancer Foundation (the Foundation) was incorporated in Virginia in 1985 as a non-stock corporation. The Foundation provides support for cancer prevention, research, education and community outreach programs nationwide and plays a pivotal role in developing a body of knowledge that is a basis for important prevention and early detection strategies. The Foundation focuses its resources on those cancers – including lung, breast, prostate, colorectal, cervical, skin, oral and testicular – that can be prevented through lifestyle changes or detection and treatment in the early stages.

The Foundation's sources of revenue include contributions, bequests, in-kind contributions and special events.

2. Significant accounting policies

Basis of accounting

The financial statements of the Foundation are prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents

For purposes of the statement of cash flows, the Foundation considers all cash and unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents. It is the Foundation's policy not to classify certificates of deposit as cash and cash equivalents.

Grants and pledges receivable

Grants and pledges receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncertain amounts through a provision for bad debt expense and an adjustment to a valuation allowance. As of December 31, 2022, there was no valuation allowance as management has determined grants and pledges receivable to be fully collectible. The entire balance of grants and pledges receivables as of December 31, 2022 is expected to be collected in less than one year.

Investments

Investments are measured at fair value in the statement of financial position based on publicly available market data obtained from services independent of the Foundation. Investment income or loss (including gains and losses on investments, interest, dividends, and investment fees) is included in the statement of activities as increases or decreases in net assets without donor restrictions unless the income or loss is restricted by donor or law. Money market and short-term investment funds, held as a portion of the Foundation's investment portfolio, are classified as investments and are not considered to be cash equivalents for purposes of cash flows.

Property and equipment

Property and equipment are reported at cost. The Foundation capitalizes purchases over \$1,000. Depreciation is computed using the straight-line method over the estimated useful lives of the assets which range from three to ten years. Upon the retirement or disposal of assets, the cost and accumulated depreciation are eliminated from the respective accounts and the resulting gain or loss is included in revenue or expenses. Expenditures for maintenance and repairs are charged to expenses as incurred.

Notes to Financial Statements December 31, 2022

Compensated absences

Employees of the Foundation are entitled to paid vacation depending on job classification, length of service and other factors. As of December 31, 2022, estimated compensated absences of \$76,366 are included in accounts payable and accrued expenses in the accompanying statement of financial position.

Other financial assets and liabilities

Financial assets with carrying values approximating fair value include cash and cash equivalents, grants and pledges receivable, and prepaid expenses. Financial liabilities with carrying values approximating fair value include accounts payable and accrued expenses, deferred rent, refundable advances, and grants payable. The carrying value of these financial assets and liabilities approximates fair value due to their short maturities and any associated interest rates approximate current market rates.

Donor restrictions

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported in two categories as described below.

Net assets without donor restrictions are net assets available for use in general operations and not subject to donor restrictions. The governing board has designated, from net assets without donor restrictions, net assets for a board-designated endowment fund.

Net assets with donor restrictions are net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Support and revenue

Contributions received and unconditional promises to give are measured at their fair values and are reported as an increase in net assets. The Foundation reports gifts of cash and other assets as restricted support, if they are received with donor stipulations that limit the use of the donated assets, or if they are designated as support for future periods. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same reporting period are reported as support without restrictions.

Refundable advances consisted of contributions received that are conditional upon the occurrence of a specific event. Refundable advances as of December 31, 2022 consisted of \$135,000 for the Gala special event. The Gala is scheduled to be held in the fall 2023, at which time conditions will be met and revenue will be recognized.

Sources of revenue from contracts with customers include an exchange element of tickets purchased for the Foundation's special events, Super Colon rentals, and conference registration fees. All sources of revenue from contracts with customers are recognized at the point in time when the event occurs. For the year ended December 31, 2022, the total exchange portion of tickets for the special events was \$161,700, rental revenue totaled \$4,500, and conference registration fees totaled \$27,545. As of December 31, 2022, there were no performance obligations or contract liabilities remaining.

Notes to Financial Statements December 31, 2022

In-kind goods and services

Contributed nonfinancial assets include donated professional services, donated materials, and other in-kind contributions which are recorded at the respective fair values of the goods or services received (Note 6). In addition to contributed nonfinancial assets, volunteers contribute significant amounts of time to program services and special events; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles. Contributed goods are recorded at fair value at the date of donation.

Interests in remainder trusts

The Foundation has been named as beneficiary under split-interest agreements, which are charitable remainder trusts. Irrevocable split-interest agreements are recorded as revenue when the trust agreements are executed. Revenue from the split-interest agreements is based on the fair value of the expected cash flows to be received by the Foundation. The change in value of interests in remainder trusts was (\$56,013) for the year ended December 31, 2022.

Advertising costs

Advertising costs are expensed as incurred.

Concentrations of credit and market risk

Financial instruments that potentially expose the Foundation to concentrations of credit and market risk consist primarily of cash equivalents and investments.

At period-end and throughout the period, the Foundation's cash balances may exceed federally insured limits. Cash and cash equivalents are maintained at high-quality financial institutions. The Foundation has not experienced any losses on its cash equivalents and management does not believe this result in any significant credit risk. FDIC insurance on interest bearing accounts is \$250,000 per depositor, per insured bank. At December 31, 2022, the Foundation's cash balances were approximately \$2,449,120 in excess of federal deposit insurance coverage.

In general, investments are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect amounts reported in future statements of activities. Management believes that the Foundation's investments do not represent significant concentrations of market risk as the Foundation's investment portfolio is adequately diversified among issuers.

Income taxes

The Foundation is exempt from federal income tax as a non-profit organization described in Section 501(c)(3) of the Internal Revenue Code and is classified as an organization other than a private foundation. The Organization did not have a liability for unrelated business income for the year ended December 31, 2022.

The material jurisdictions subject to potential examination by taxing authorities include the U.S. and Virginia. The Foundation has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. Tax years that remain subject to examination by the IRS are fiscal years 2019 through 2022.

Notes to Financial Statements December 31, 2022

Lease arrangements

Effective January 1, 2022, the Foundation determines if an arrangement is a lease at inception. The operating lease right-of-use ("ROU") assets are included within the Foundation's non-current assets and lease liabilities are included in current or non-current liabilities on the Foundation's statement of financial position. ROU assets represent the Foundation's right to use, or control the use of, a specified asset for the lease term. Lease liabilities are the Foundation's obligation to make lease payments arising from a lease and are measured on a discounted basis. Lease ROU assets and lease liabilities are recognized based on the present value of the future minimum lease payments over the lease term on the commencement date. As most of the Foundation's leases do not provide an implicit rate, the risk free rate was used based on the information available on the commencement date in determining the present value of lease payments. The lease ROU asset includes any lease payments made and initial direct costs incurred and excludes lease incentives. The lease terms may include options to extend or terminate the lease when it is reasonably certain that the Foundation will exercise that option. Lease expense for minimum lease payments continues to be recognized on a straight-line basis over the lease term.

Recently adopted accounting pronouncements

The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-02, which requires lessees to recognize on the statement of financial position the assets and liabilities for the rights and obligations created by leases with terms greater than 12 months. ASU 2016-02 is effective for private companies for annual reporting periods beginning after December 15, 2021. The Foundation adopted the standard on its effective date, which for the Foundation was January 1, 2022. There was no impact to the Foundation's beginning net assets as a result of the adoption of this ASU as all leases had remaining terms of 12 months of less as of January 1, 2022. The Foundation has elected to utilize the package of practical expedients that allows entities to not reassess (1) the classification of leases existing at the date of adoption, (2) the initial direct costs for any existing leases, and (3) whether any expired or existing contracts are or contain leases.

Impact on transition

The Foundation adopted the standard effective January 1, 2022 and recognized and measured leases existing at, or entered into after, January 1, 2022 (the beginning of the period of adoption) through a cumulative effect adjustment, with certain practical expedients available. The office lease ended in April 2022 and was considered a short term lease on the date of adoption of January 1, 2022.

The FASB has issued ASU 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*, which clarifies the presentation and disclosure of contributed nonfinancial assets, which include tangible property, intangible items, and specialized services. Upon implementation, nonprofits are required to show in-kind contributions of nonfinancial assets as a separate line, apart from cash contributions, on the statement of activities, along with qualitative information about how the organization either monetized or utilized the assets and a description of the valuation techniques used to arrive at the fair value of the assets at initial recognition. ASU 2020-07 is effective for annual reporting periods beginning after June 15, 2021. The Foundation adopted the standard on its effective date, which for the organization was January 1, 2022.

Notes to Financial Statements December 31, 2022

3. Investments

Investments valued at fair value are summarized as follows at December 31, 2022:

Cash and money market funds	\$ 2,201,532
Fixed income	3,269,231
Equities	4,755,077
Mutual funds	2,966,070
Fair value per statement of financial position	\$ 13,191,910

Investment loss consisted of the following for the year ended December 31, 2022:

Realized and unrealized loss and change in value	
of interest in remainder trusts	\$ (2,637,428)
Interest and dividend income	428,356
Investment fees	(57,365)
	\$ (2,266,437)

4. Property and equipment

Property and equipment consisted of the following at December 31, 2022:

Office furniture and equipment	\$ 242,855
Less: accumulated depreciation	(72,055)
Property and equipment, net	\$ 170,800

5. Grants awarded

The Foundation recorded grants expense during the year ended December 31, 2022 totaling \$1,884,191. Adjustments to reflect differences between the award and actual payments are made in the year the final payment is made. Grants recorded but unpaid amounted to \$1,887,886 as of December 31, 2022. No discount has been recorded on grants payable due in more than one year as it is not considered to be material.

6. In-kind contributions

The Foundation receives various types of in-kind support. The Foundation records the value of donated services and skilled labor in the financial statements, which is in accordance with U.S. GAAP. These hours were recorded at market rates valued by the professional service or skilled laborer. Donated goods are recorded at fair value on the date of donation. The Foundation also receives services and donated goods in connection with special events. These donations are included in both special event revenue and direct expenses on the accompanying statement of activities.

The Foundation receives significant in-kind contributions of time and pro bono services from members of the community and volunteers related to program services and special events. Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Foundation.

Notes to Financial Statements December 31, 2022

During the year ended December 31, 2022, the Foundation received donated airtime to promote an educational campaign. These donations largely consisted of unsold airtime which would have been sold at a discount. The Foundation recorded the airtime at 50% of the reported value. The Foundation also received discounted design services and food and beverage in connection with the special events. The Foundation recorded the value of donated food and beverage as the cost of food, labor, and rentals not charged to the Foundation. The Foundation recorded the value of donated design services as the additional amount which would have been paid had the services not been donated.

In addition, a substantial number of volunteers donate time to Prevent Cancer Foundation's program services and special events. These donated services are not reflected in the financial statements since the services do not require specialized skills as defined by U.S. GAAP.

The value of donated professional services and materials were as follows for the year ended December 31, 2022:

Public service announcements	\$	613,123
Printing discount		2,005
Food and beverage		1,550
Other materials		2,000
Honorarium		450
	<u> </u>	619,128
Contributions for special events		

Contributions for programs and fundraising

•	
Design services	90,000
Food and beverage	48,958
Other discounted services	3,322
	142,280
	\$ 761,408

Special events 7.

The Foundation sponsors several special events during the year. The purpose of these events is to raise public awareness about cancer as well as to raise funds to further the Foundation's purpose. A summary of special events for the year ended December 31, 2022 is as follows:

	Revenue		ect benefit xpenses	(Other expenses	 Net
Gala Awesome Games	\$	2,359,303 3,449,197	\$ 338,841 S	\$	243,707 444,870	\$ 1,776,755 3,004,327
	\$	5,808,500	\$ 338,841	\$	688,577	\$ 4,781,082

Notes to Financial Statements December 31, 2022

8. Leases

The Foundation leases office space under a long-term non-cancelable operating lease agreement. The lease began May 1, 2022 and expires June 30, 2033. Any renewal options are included in the determination of the right-of-use assets and lease liabilities when the options are reasonably certain to be exercised. The lease provides for increases in future minimum annual rental payments. Additionally, the operating lease agreement requires the Foundation to pay a proportionate share of real estate taxes.

The Foundation leases office equipment under two long-term non-cancelable financing lease agreements. The leases have remaining lease terms of 33 to 51 months.

The amounts of operating and finance lease ROU assets and related lease obligations recorded within the Foundation's statement of financial position as of December 31 are as follows:

Operating	lease
Oner	atina le

Operating lease right of use assets	\$ 2,110,217
Current portion of long-term lease liabilities Long-term lease liability Total operating lease liabilities	\$ 52,932 2,276,221 2,329,153
Finance leases Finance lease right of use assets	\$ 71,663
Current portion of long-term lease liabilities Long-term lease liability Total finance lease liabilities	\$ 22,322 49,776 72,098

The components of lease expense for the year ended December 31 are as follows:

ase cost

Amortization of right of use assets	\$ 8,561
Interest on lease liabilities	935

Operating lease cost

Operating lease expense (under ASU 2016-02)	159,745
Other month-to-month lease arrangment	94,955
Total lease cost	\$ 264,196

Notes to Financial Statements December 31, 2022

For the year ended December 31, the Foundation had the following cash and non-cash activities associated with leases:

Cash paid for amounts included in the measurement of lease liabilities:

Operating cash flows from finance leases	\$ 734
Financing cash flows from finance leases	\$ 8,126
ROU assets obtained in exchange for lease liabilities:	
Operating lease	\$ 2,284,760
Finance leases	\$ 78,198

The weighted-average discount rate for each lease is based on the risk-free rate. The Foundation elected the option to use the risk-free rate determined using a period comparable to the lease terms as the rate implicit in the lease is not readily determinable.

The lease term and discount rates elected by the Foundation as of December 31 include:

Weighted-average remaining lease term

Finance leases	3.25
Operating lease	10.50
Weighted-average discount rate	
Finance leases	3.35%
Operating lease	2.89%

As of December 31, 2022, the future payments due under operating and finance leases were as follows:

F	Finance		Operating
\$	24 312	\$	120,126
Ψ	24,312	Ψ	244,632
	19,725		251,360

	1,491		265,388
	-		1,595,122
	75,804		2,734,914
	(3,706)		(405,761)
\$	72,098	\$	2,329,153
	\$	\$ 24,312 24,312 19,725 5,964 1,491 - 75,804 (3,706)	\$ 24,312 \$ 24,312 19,725 5,964 1,491 - 75,804 (3,706)

9. Commitments

In October 2022, the Foundation entered into a contract with Games Done Quick, LLC to take part in the Awesome Games Done Quick event. The Foundation must pay the costs of staff and contractors used to develop the event. As of December 31, 2022, the Foundation had paid \$400,000 of those costs, which is included with prepaid expenses on the statement of financial position. An additional \$59,550 is to be paid in 2023. For the year ended December 31, 2022, approximately 40% of the Foundation's support and revenue has been derived from the Awesome Games special event. Any changes in the benefitting charity in future years would have a significant impact on Prevent Cancer Foundation.

Notes to Financial Statements December 31, 2022

10. Retirement plan

The Foundation maintains a 401(k) plan. The Foundation makes contributions on behalf of employees in amounts ranging from 3% to 4% of an employee's salary. Contributions in the amount of \$89,186 were made for the year ended December 31, 2022.

The Foundation adopted a 457(b) plan in 2007. Only employees within a select group of management or highly compensated employees chosen by the Board of Directors are eligible to participate. Contributions are made at the sole discretion of the Foundation and do not need to be uniform among all participants. For the year ended December 31, 2022, the Founder and the CEO were the only participants in the plan. Contributions in the amount of \$25,625 were made for the year ended December 31, 2022. Fair market value of the plan was \$433,382 as of December 31, 2022.

11. Net assets with donor restrictions

Net assets are restricted for specific events as well as for future periods. Net assets with donor restrictions as of December 31, 2022 were as follows:

	Dec	ember 31, 2021	Additions and investment loss				De	cember 31, 2022

Notes to Financial Statements December 31, 2022

12. Endowment and board-designated funds

The Foundation has three individual funds established for the purpose of funding research grants and community education (the Funds). The Funds include both donor-restricted funds and funds designated by the Board of Directors to function as endowments. The donor-restricted endowment fund was established for the purpose of providing income to support the Foundation's research grant programs. As required by U.S. GAAP, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The Virginia Uniform Prudent Management of Institutional Funds Act (UPMIFA) requires the preservation of the fair value of the original gifts as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. The Foundation classifies as net assets with donor restrictions perpetual in nature (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment required to be made by explicit directions in the applicable donor gift instrument at the time the gift is added to the fund.

The remaining portion of the donor-restricted endowment fund that is not classified in net assets with restrictions perpetual in nature is classified as net assets with donor restrictions subject to expenditure for a specific purpose until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate additions to donor-restricted endowment funds:

- 1. The duration and preservation of the fund
- 2. The purposes of the Foundation and the donor-restricted endowment fund
- 3. General economic conditions
- 4. The possible effects of inflation and deflation
- 5. The expected total return from income and the appreciation of investments
- 6. Other resources of the Foundation
- 7. The investment policies of the Foundation

UPMIFA applies only to donor-restricted endowment funds and not to board-designated funds.

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies that attempt to provide a predictable stream of funding to programs supported by its Funds while seeking to maintain the purchasing power of the assets. Fund assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity as well as board-designated funds. Under the policy, as approved by the Board of Directors, the assets are invested in a manner that is intended to maximize current return and provide growth and income that at a minimum exceeds inflation for the current year. Actual returns in any given year may vary from this amount.

Strategies employed for achieving objectives

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places an equal emphasis on equity-based investments and fixed-income mutual funds to achieve its long-term return objectives within prudent risk constraints.

Notes to Financial Statements December 31, 2022

Spending policy and how the investment objectives relate to spending policy

The amounts appropriated for distribution by the Foundation vary each year depending on their program needs. Amounts distributed from the Board designated funds are authorized by the Board of Directors and are transferred into the Foundation's operating cash accounts for use during the year. Over the long term, the Foundation expects the current spending policy to allow its Funds to grow and to maintain the Foundation's objective to maintain the purchasing power of the Fund assets held in perpetuity as well as to provide additional real growth through new gifts and investment return.

Net asset composition by type of fund

The net assets consisted of the following as of December 31, 2022:

	Without donor restrictions	With donor restrictions	Total		
Donor-restricted endowment funds Board-designated endowment funds	\$ - 7,269,156 \$ 7,269,156	\$ 851,905 - \$ 851,905	\$ 851,905 7,269,156 \$ 8,121,061		
Changes in endowment and board-designated The net activity consisted of the following:	d funds				
Endowment funds as of December 31, 2021 Investment return, net Contributions Appropriation of endowments	\$ 8,597,509 (1,328,353) - -	\$ 1,004,760 (152,855) - -	\$ 9,602,269 (1,481,208) - -		
Endowment funds as of December 31, 2022	\$ 7,269,156	\$ 851,905	\$ 8,121,061		

Funds with deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration. There were no such deficiencies as of December 31, 2022.

13. Fair value of financial instruments

The Foundation utilizes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring inputs that are most observable be used when available. Observable inputs are inputs that are independently derived and based on observable market data. Unobservable inputs are inputs that cannot be sourced from a broad active market. The input hierarchy is broken down into three levels based on the degree to which the exit price is independently observable or determinable as follows:

Level 1 – Valuation based on quoted market prices in active markets for identical assets or liabilities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment. Examples include equity securities and publicly traded mutual funds that are actively traded on a major exchange or over-the-counter market.

Level 2 – Valuation based on quoted market prices of investments that are not actively traded or for which certain significant inputs are not observable, either directly or indirectly, such as municipal bonds. The fair value of municipal bonds is estimated using recently executed transactions, bid/asked prices and pricing models that factor in, where applicable, interest rates, bond spreads and volatility.

Notes to Financial Statements December 31, 2022

Level 3 – Valuation based on inputs that are unobservable and reflect management's best estimate of what market participants would use as fair value. Examples include limited partnerships and private equity investments.

The following methods and assumptions were used to estimate the fair value of each class of financial instruments:

<u>Cash and cash equivalents</u>: The carrying value is considered to be a reasonable estimate of the fair value.

Interest in remainder trusts: The Foundation has interests in irrevocable charitable remainder trusts for which it does not act as trustee. The fair value of these trust assets, which are reported at the market value of the investments reported by the trustees and adjusted based on the estimated life expectancy of the donor, have been identified as Level 3 in the fair value hierarchy. There were no changes in valuation techniques noted for the year ended December 31, 2022. No amounts were transferred during the year ended December 31, 2022; the only change is attributable to the change in value of (\$56,013) for the year ended December 31, 2022. A growth rate of 3% and income rate of 4% has been used in the calculation of the present value of these items. The significant unobservable inputs used in the fair value measurement of the Foundation's Level 3 investments are subject to market risks resulting from changes in the market value of its investments.

<u>Mutual funds and ETFs</u>: Prevent Cancer Foundation's holdings in publicly traded mutual funds consist principally of fixed income and equity securities carried at their aggregate market value that is determined by quoted market prices. Each of these investments can be liquidated daily. Valuation is based on Level 1 inputs within the hierarchy used in measuring fair value.

Notes to Financial Statements December 31, 2022

Assets measured at fair value on a recurring basis are summarized below as of December 31, 2022:

		Level 1	1	Level 2	Level 3	Total

14. Liquidity and availability

The Foundation strives to maintain liquid financial assets sufficient to cover 90 days of general expenditures. Financial assets in excess of daily cash requirements are invested in money market funds and other short-term investments.

Notes to Financial Statements December 31, 2022

The following table reflects the Foundation's financial assets as of December 31, 2022, reduced by amounts that are not available to meet general expenditures within one year of the statement of financial position date because of donor or contractual restrictions:

	De	ecember 31, 2022
Cash and cash equivalents Grants and pledges receivable Investments	\$	2,782,379 47,430 4,637,467
Total financial assets available within one year		7,467,276
Less amounts unavailable for general expenditures within one year due to: Restrictions by donors for specific activities or purpose		(727,539)
Total financial assets available to meet general expenditures within one year:	\$	6,739,737

The Foundation's board-designated endowment is subject to annual spending as described in Note 12. Although the Foundation does not intend to spend from the endowments (other than amounts appropriated for general expenditure as part of our Board's annual budget approval and appropriation), the board-designated endowment could be made available if necessary.

15. Related-party transactions

Design services were provided for the Gala by a company owned by a board member. The Foundation paid \$98,500 for these services during the year ended December 31, 2022. Additionally, donated services were provided in the amount of \$90,000 for the year ended December 31, 2022.

During the ordinary course of business for the year ended December 31, 2022, the Foundation paid for legal services from a law firm of which a member of the board of directors is a partner.

16. Allocation of functional expenses and joint costs

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the program and supporting services benefited. The following expenses have been allocated across functional areas based on an estimate of time spent by personnel: advertising, computer services, depreciation, equipment lease, insurance, legal, lodging, maintenance, membership and dues, mileage and parking, temporary services, delivery and shipping, professional services, rent, salaries, payroll taxes and processing, retirement, supplies, taxes and licenses, telephone and internet, and training.

The Foundation incurs joint costs for a newsletter that includes a fundraising appeal insert, website costs, and fundraising activities combined with a programmatic health fair. These costs were allocated based on management's analysis of the content of the newsletter, management's analysis of the number of pages on the website, and the duration of the fundraising component and health fair compared to the total time of the event.

Notes to Financial Statements December 31, 2022

Joint allocated costs were as follows for the year ended December 31, 2022:

	_ Fu	Fundraising		Program services		agement general
Newsletter	\$	2,921	\$	\$ 15,441		_
5k run	\$	11,216	\$	39,256	\$	-
Website	\$	1,214	\$	18,311	\$	337

17. Subsequent events

The Foundation assessed events occurring subsequent to December 31, 2022 through June 25, 2023, the date the financial statements were available to be issued, for potential recognition and disclosure in the financial statements. No events have occurred that would require adjustments to or disclosure in the financial statements.
